PropertyDrive and Cirex Partnering to create largest Commercial Real Estate Listing Service in South Central Wisconsin.

MADISON - PropertyDrive and Cirex, South Central Wisconsin's leading commercial real estate data exchanges, are joining forces to bring more commercial real estate listings to one source. PropertyDrive will be providing the web-based, searchable database and Cirex will publish a monthly listing guide. As the systems are integrated PropertyDrive and Cirex anticipate having over 900 listings consisting of buildings and land for sale or lease as well as businesses for sale.

"This partnership will allow each company to focus on our strengths." Stated Ralph Kamps, Managing Partner of Cirex. "Our combined expertise will mean improved functions, features and services for our members."

In addition to providing services to its members, the database is available for anyone to search at no cost. After the integration the database will be accessible at either www.propertydrive.com or www.cirex.com. Cirex makes quarterly editions of the printed publication available at local chambers and selected businesses.

"Having one unified location to search for properties will be a huge benefit not only for our members but for investors, businesses seeking to relocate and anyone else seeking commercial real estate." Said Jay Blevins, Owner of PropertyDrive.

PropertyDrive already partners with Forward Wisconsin to provide property information to their LOIS website for commercial properties. They also partner with the:

- o Greater Madison Chamber of Commerce
- o Wisconsin Technology Council
- o Middleton Chamber of Commerce
- o Madison Central Business District
