TENANT SUMMARY

OMERS has been the parent company for Caliber Collision since 2013. Once the merger with Abra took place in February 2019, Hellman & Friedman became the majority ownership, with Omer being minority shareholder.

OMERS Private Equity (Toronto, Canada & Lewisville, Texas): A Worldwide company. OMERS Private Equity has been making private equity investments since 1987 on behalf of OMERS, one of Canada's largest pension plans with in excess of \$60.8 billion of assets. They manage over \$6.5 billion of investments globally. Being part of a pension fund has its advantages. It affords the ability to focus on investing in businesses for long-term value creation rather than near-term earnings. Capital is readily available eliminating the need to fundraiser. It also provides the opportunity to leverage the relationships of the other investment entities and resources of OMERS.

OMERS bought Caliber Collision repair services in November 2013. Caliber is one of the largest independent provider of auto collision repair services in the United States with a network of 157 collision centers located in California, Texas, Arizona, Nevada, Oklahoma, and Colorado. The Company has approximately 3,700 employees and repairs more than 450,000 vehicles annually.
